**Thanks for reading one man's
 opinion as to what encompasses
 Triple-A music this week. As
 the radio stations in this format
 have differing ideas as to what
 Triple-A is, this list covers a wide
 range of artists from bluegrass
 to alternative. This schedule
 in your hands is by no means
 all-encompassing. I fully admit
 to not catching everything, so
 I apologize if your event is not
 listed here.**

**In addition, I have done my best
 to proofread and double check
 everything, but be aware that
 there may be an error or two
 and that schedules are bound
 to change. If you miss a show
 because of what is written here,
 I hope you happen upon another
 one that knocks your socks off.**
